

## **IT'S YOUR LIFE**

LYRICS: Pamela Keeley and Niall Mc Grane  
MUSIC: Pamela Keeley, Jacek Kmiecniak, Karol Napieralski  
DEMO SUNG BY: Sandii Jane Hyland

Leave your victim stories in the past,  
You're done with them, not mean to last.  
Don't make excuses, self-pity is rife,  
Quit pointing the finger, it's your life.

Visualise the life you want to achieve,  
It will manifest, have faith believe.  
Put a plan in place, take action now,  
Persist and you will find the HOW.

The HOW will come, lock into it,  
Stay focused, concentrate, don't quit.  
Stay true to yourself, have faith in your heart,  
The power is inside you, it's time to start.

## **BRIDGE**

It's time to leave your doubts behind,  
Just take a breath, open up your mind.  
Reflect on this and think this through,  
The lead role in this story's you.

Now close your eyes, imagine yourself,  
Living your dream life with all of its wealth.

What you see in your mind, you can hold in your hand,  
So, decide right now, follow your own command.
